

FOLLOW THESE INSTRUCTIONS FOR THE FIRST 14 DAYS:

- After the procedure, wipe the area using q-tips and water.
- Apply balm as advised by your esthetician. You might not need to use balm if your skin is naturally oily. Or, if your skin is dry, you might need to use the balm several times a day.
- Before applying a new layer of balm, gently remove the previous one with q-tips and water.
- No makeup or skincare products directly on your new PMU/microblading.
- Do not wet/soak your PMU/microblading.
- Avoid excessive exercising for the first seven days, as sweat can contribute to low retention.
- Avoid saunas, steam rooms, and sunbeds.
- If any scabs occur, allow them to shed naturally without picking.
- Avoid touching the area. If an itch occurs, gently tap to release the irritation.
- When using a towel to dry, pat without rubbing the area.

FOLLOW THESE INSTRUCTIONS FOR THE BEST LONGTERM RESULTS:

- Book your touch-up session; even if the service looks great, it's still recommended for best results.
- Avoid direct sun exposure to prevent color fade. Protect your PMU or microblading using sunscreen.
- Avoid any skincare products that encourage cellular renewal directly on the PMU and microblading.
- Once the area has healed, you may apply makeup as usual when desired.
- When you notice that the results are fading, please contact Grace & Purity to schedule your color boost session.

Thank you for entrusting Grace & Purity Permanent Makeup with all your permanent makeup and skincare services. If you have any questions or concerns, please do not hesitate to contact us.

Day 1

I'm in love with my
new brows!

Day 2-4

Oh no, this color looks
too dark!

Day 5-7

My brows are flaking!

Day 8-10

My brows are gone!

Day 14-28

Thankfully my brows
are coming back!

Day 42

After my touch-up
session my brows are
perfect & complete!
